This final course culminates the entire course of studies and research required by this program. Students are allowed to choose from a dissertation or a project, depending of their interest. This is a very involved endeavor and will require an undivided attention. The research project comprises two part—a quantitative and a qualitative research. Both parts must demonstrate doctorate level quality of work.

Student allowed choosing their own research topic and getting it approved by the Dissertation Review Board. Upon the approval of the research topic, a proposal containing the first three chapters, table of content and partial bibliography must be submitted to The Dissertation Review Board. A fee of Seven hundred fifty (\$750.00) dollars must be submitted with the proposal. Proposal will not be reviewed without this fee.

The Review Board will review the research proposal. The board will either approve it, approve it with recommendations, or denied it. If the dissertation is denied, a separate fee will be required for revisions. Students are solely responsible to present the research project as required the first time to avoid any denial proposal and extra fee.

Upon the final review and grading of the final research project, the student will submit two bound copies to the school. One will be graded, endorse, and return to the student and one copy will remain the property of the school.

Cost per credit is \$348.00

Scholarship is available to those who qualified. Request a scholarship application after submitting your official application
